book - (bok) *n* 1. a long printed work, on sheets of paper bound together within covers. 2. a division of a literary work.

The exhibit, *Bound to Surprise III*, is an artist's version and interpretation of a book. Each artist created works of art within the guidelines of the definition of a book, bringing their own personal experiences and using a variety of ideas, materials and media. It is our hope that this exhibit will lead the viewer into new ways of looking at and experiencing books.

Bound to Surprise III is an event of the Fox Cities Book Festival.
